[Docket No. SA99-11-000]

Alf M. Landon; Notice of Petition for Adjustment

February 9, 1999.

Take notice that on January 12, 1999, Frank M. Rice (Rice), the attorney for

Alf M. Landon, a/k/a/ Alfred Mossman Landon (Landon), filed a petition for staff adjustment in Docket No. SA99-11-000, pursuant to section 502(c) of the Natural Gas Policy Act of 1978. Rice, on behalf of Landon and the Kansas University Endowment Association (KUEA), contends that neither Landon nor the KUEA owe the gas purchaser—Panhandle Eastern Pipe Line Company (Panhandle)—a refund under the Commission's September 10, 1997 order in docket No. RP97-369-000 *et al.*,¹ because the price that Panhandle paid to Landon and the KUEA, inclusive of the ad valorem tax reimbursements, was not in excess of the applicable maximum lawful price (MLP). The subject petition is on file with the Commission and open to public inspection.

The petition indicates: (1) that Panhandle served Landon with a \$32,944.63 refund claim; (2) that Panhandle purchased the gas produced from the Davis Unit, in Stevens County, Kansas, under a January 27, 1961 gas purchase contract (Contract No. 0538); (3) that Landon and D.E. Ackers were the co-owners of that unit, each with a 50% working interest in the unit; (4) that the KUEA became the successor-in-interest to D.E. Ackers' 50% working interest in the unit; (5) that Landon is deceased;² (6) that the price that Panhandle paid Landon and the KUEA, from 1983 through 1988, inclusive of the ad valorem tax reimbursements, was not in excess of the applicable MLP; and (7) that neither Landon, successor-in-interest to Landon, nor the KUEA owe a refund to Panhandle.

Rice adds that Panhandle terminated the subject gas purchase contract in January of 1991, and that one of the signers of the termination agreement, as a Seller, was the KUEA. Rice further asserts that K.S.A. 55-708(7) [a/k/a House Bill No. 2419] prohibits First Sellers such as Landon or the KUEA from taking action against royalty owners, or obtaining the ad valorem tax royalty refunds ordered by the FERC. Therefore, Rice contends that it would be inequitable to require Landon, Landon's successor(s) or the KUEA to make such refunds, when Kansas law prohibits them from attempting to obtain the refunds from the royalty owners.

Any person desiring to be heard or to make any protest with reference to said petition should on or before 15 days after the date of publication in the
